

Education Council

The Education Council serves as a resource for Departmental Educators to meet the educational needs of the clinical staff at UMC. In coordination with the Nursing Education Department the meeting goals are to identify the educational learning needs for the facility and to then develop or assist in creating activities to meet those needs. The Council is then responsible for evaluating the effectiveness of the education. Education Council is chaired by the Nursing Education Director. Meetings are held the second Tuesday of every Month at 10 am in the Basement Classroom.
